

Call for Special Sessions

Deadline for proposals: **October 15th, 2023**

Special session proposals will be evaluated based on the timeliness, uniqueness of the topic and qualifications of the proposers. The proposers are expected to have a PhD degree and have a good publication track record in the proposed area. After review, a decision on whether the proposal will be accepted will be sent to the proposers within weeks after receipt of the proposals. Accepted special sessions will be listed on the website. However, it is likely that an accepted proposal will be combined with another one to avoid multiple invited sessions covering similar topics. A maximum of 10 sessions will be accepted for CICBA-2024.

Special session proposals should be sent by e-mail to: Dr. Amit Kumar Singh (amit.singh@nitp.ac.in) with a copy to Dr. M. Tanveer (mtanveer@iiti.ac.in).

All proposals should be submitted by September 20, 2023. Early proposals are highly encouraged.

Manuscripts submitted to special sessions should be done through the paper submission website of CICBA-2024 as regular submissions to the designated special session. It is the responsibility of the authors to make sure that papers submitted to a special session clearly indicate the name of the session the paper belongs to. All papers submitted to special sessions will be subject to the same peer-review procedure

as regular papers. Invited sessions having fewer than 5 accepted papers will be cancelled and the accepted papers will be moved to regular sessions.

In case of any specific needs or questions, please do not hesitate to contact the conference secretariat at: amit.singh@nitp.ac.in.

We look forward to receiving your research contributions and we will be happy to host you in NIT Patna, India.
